

MINI COOPER S TURBO

SPORTS EXHAUST

Yet again, QuickSilver is 'first to market' with their 'Sports' exhaust system for the new Turbocharged MINI Cooper S. With all straight-through design for optimum efficiency, a crisp sporting sound and with unique twin 3" upswept tip design that fills out the rear bumper.

KEY FEATURES

- ✓ Drastic weight reduction - from 18kgs (~40lbs) to 8kgs (~17.6lbs).
- ✓ Individual 'Sports' appearance, invisible rear silencer, trim fills the valance for a clean bumper line.
- ✓ Choice of twin upswept or twin round slash cut tail-pipes.
- ✓ Dyno tests show up to 35 bhp improvement.
- ✓ System can be fitted on its own or will complement other modifications.
- ✓ Easy install. Direct replacement for the original - about 1 hour.
- ✓ 100% aircraft grade type 304 austenitic stainless steel and all Tig-welded construction.
- ✓ 25 year warranty.
- ✓ Suitable for cars that are enjoyed daily – used for high mileages or are modified.
- ✓ Pleasant increase in volume with an encouragingly distinctive 'Rasp' on acceleration - just right for regular urban use.

QuickSilver is proud to be supporting Craig Wilcox., the current SCCA (Sports Car Club of America) Solo Champion, in his bid to retain his crown in 2007 driving his new MINI Cooper S – see photo. The feedback that such involvement provides goes straight back to the QuickSilver technical team to improve our products.

Superior Exhausts for the World's Finest Cars

MINI COOPER S TURBO
